

BRAVE & ARTY

MADE IN ITALY

We have curated a collection of Atlas Concorde's structured wall tile in the 16x32 rectified size. The soothing undulation of the Wave comes in all 4 colors while the dynamic geometry of the Blade comes in just 2 colors. We also have a plain field tile in all 4 colors. The Sugar (matte white) and White Glossy allow the size and structure to shine and will elevate any project to maximum elegance. The Gypsum and Pearl colors have a sculpted stone effect that is natural and has a strong impact while offering the advantages of a ceramic product. Using the structured options as an accent or in an entire area creates drama without

being overwhelming. Please note that the Gypsum and Pearl colors have multiple images of different kinds of stone veining mixed together.

16 x 32 Plain

Gypsum
(ACBEGM/1632)

Pearl
(ACBEPL/1632)

Sugar (Matte White)
(ACAYSR/1632)

White Glossy
(ACAYWG/1632)

Colors are intended as a guide only and may vary from actual tile. Sizes listed are nominal. Please check samples before making final selection and to get actual dimensions for layout.

16 x 32 Wave

Gypsum
(ACBEGM/1632W)

Pearl
(ACBEPL/1632W)

Sugar (Matte White)
(ACAYSR/1632W)

White Glossy

Sugar (Matte White) (ACAYSR/1632W)
White Glossy (ACAYWG/1632W)

Blade Colors

Gypsum (ACBEGM/1632B)
Sugar (Matte White) (ACAYSR/1632B)

Coordinating Trim

Available in Gypsum (ACBEGM) and Pearl (ACBEPL) colors only and is made by cutting the Plain 16 x 32.

1/2 X 16 Miter Bullnose (ACBE - - /MBN)

Miter Bullnose & Profile

Trim with Field Tile

For the white colors - Sugar (ACAYSR) and White Glossy (ACAYWG) - Tuxedo (LATO) is a good option for coordinating trims.

Installation Information

Brave and Arty are intended for interior walls. If installing with a cement-based adhesive, it is recommended to use flexible setting material that meets the ISO S1 standard (e.g. Servolight by Kiesel). All substrates should be properly reinforced to be sure there is no movement. Wood studs need to be dry and properly braced with a minimum depth of 3-1/2". For mortar installations, the mortar bed has to be cured (less than 2% humidity) and has to have proper reinforcing. Brave is designed and recommended to be set with a straight joint. Care should be taken to have the pattern align from piece to piece to create a continuous flow.

Due to the nature of this large format wall tile, orders must be for full boxes only. Please note that we do not accept returns in general. In the rare occurrence that we make an exception and do take a return of this product, only factory sealed boxes can be accepted.

Usage

Brave and Arty are suitable for use in commercial and residential interior wall applications.
