

Dune

The softly undulated surface of Lanka's Dune series mimics the rolling hills of sand on the beach. Structured wall tile at a competitive price, this series can be used in entire areas or as an accent with coordinating products.

White Matte (LADUWM)

Bianco Carrara (LADUBC)

White Glossy (LADUWG)

Colors are intended as a guide only and may vary from actual tile. Sizes listed are nominal. Please check samples before making final selection and to get actual dimensions for layout.

PRODUCT INFORMATION

Colors

White Matte	LADUWM
White Glossy	LADUWG
*Bianco Carrara	LADUBC

For projects where Dune is being used as an accent, please note that Lanka Bloc should work well as a coordinating plain field. Please refer to page 6A of Lanka Bloc for pricing. For use with:

- LADUWG/1224 try color Glossy White (LABC101G/1224)
- LADUWM/1224 try color Matte White (LABC101M/1224)

Size (Rectified)

12 x 24	LADU--/1224
---------	-------------

Coordinating Trim

For LADUWG use LATO1G (Glossy White)

For LADUWM & LADUBC use LATO1M (Matte White)

½ x 12 Pencil Bullnose LATO--/PB112

Corner Pencil Bullnose LATO--/PBSN

12" Quarter Round LATO--/A112

1" Beak LATO--/AC

Bianco Carrara

* It is important to blend tile within each carton and from carton to carton during installation, as well as changing the orientation of pieces with similar graphics, to attain a proper mix and blend.

Installation Information

Dune is intended for interior walls. If installing with a cement-based adhesive, it is recommended to use flexible setting material that meets the ISO S1 standard (e.g. Servolight by Kiesel). All substrates should be properly reinforced to be sure there is no movement. For mortar installations, the mortar bed has to be cured (less than 2% humidity) and has to have proper reinforcing. Care should be taken to have the pattern align from piece to piece to create a continuous flow.

Usage

Dune is suitable for use in commercial and residential interior wall applications.
